

SMART Recovery Groups – Information Sheet

Self Management and Recovery Training (SMART) Recovery groups are run every week across all of Palmerston's branches. In a supportive group environment, SMART Recovery group members are encouraged to set goals and challenge each other to change their strategies and approach to goal setting. The aim of SMART Recovery is to help individuals gain control over their addictive behaviour, achieve a balanced lifestyle and lead meaningful lives.

SMART Recovery groups are flexible, so participants can attend for as many weeks as they like. The groups do not spend time going over the past but rather they focus on the present and work on making changes to improve the individual's lifestyle. **No bookings are necessary, just come along.**

Where are SMART Recovery groups being held?
